Caring for God's Creation

The Church teaches that we should care for the earth. We love God, so we do not harm his creation. We take care of all things found in nature.

We also help one another when we take care of the earth. We have better water to drink if we keep trash out of streams and rivers. We enjoy cleaner streets and parks when we do not litter.

What Can You Do?

Think of three things you can do to take care of the earth. Write or draw your ideas.
