

God Loves You

Teach children the American Sign Language sign for “I love you,” which is the thumb, index finger, and pinkie finger extended, and the two center fingers tucked against the palm.

Directions:

1. Decorate and cut out the heart.
2. On a piece of paper, trace your hand and cut out the outline.
3. Glue the back of the hand, thumb, index finger, and pinkie finger to the decorated heart.
4. Glue the two center fingers against the palm to make the “I love you” sign.
5. On the back of the heart, write a prayer thanking God for all the people who love you.
