Date _____

The Four Marks of the Church

All churches look different, and yet they are the same. Remember that the four Marks of the Church mean that the Catholic Church is the same everywhere in the world, no matter what language people are speaking.

Four Marks Clues

Cut out the square below. Fold the four corners toward the center so that the words are faceup. Unfold the flaps and write a clue on the underside of each flap that tells about the word on top of the flap. When the flaps are open, draw a picture or write a sentence that explains the Mystical Body of Christ. Take your clues home and explain each one to your family.
