## The Chalice

*The chalice holds the wine that becomes Jesus' Blood during the Mass.*

As part of our Catholic Tradition, the chalice holds special importance. Over the centuries artists all over the world have made chalices for the glory of God. Frequently made of gold or silver, these cups may also be decorated with precious stones. Others may be decorated with designs, patterns, or phrases from Scripture.

### **Design a Chalice**

On a separate sheet of paper, design a chalice for your parish to use during the celebration of the Eucharist. Then write a few sentences about why you chose to decorate the chalice in the way that you did.
