

God's Creation

The Book of Genesis tells us that after looking at his creation, God saw how good it was.

Directions: Make a bookmark that shows some of the beauty and wonders of God's creation. Look at it often as a reminder of God's unlimited love for you.

1. On the blank side of the bookmark, draw images of God's creation. If you have trouble thinking of ideas, reread the beginning of Genesis and use ideas from the days of Creation.
2. Cut out the two sides of the bookmark. Cut a strip of construction paper that is slightly longer and wider than the bookmark pieces.
3. Glue the two sides to the strip of construction paper, one on each side.
