## Understanding Prejudice

**Directions:** Read each of the following situations and then answer the questions. Think about what Jesus would do as you consider your responses.

1. You and some friends are putting together a team to play soccer at a park. Some kids who have recently moved into the neighborhood would like to join the team. They don't speak English very well. You have plenty of room on your team, but some of your friends tell the kids to go away and start calling them names.

3. A male friend of yours wants to join an art class at the community center. Your other friends make fun of him and say that the class is for girls and that it would be "uncool" to sign up.

OR

A female friend of yours wants to sign up for a baseball team at the community center. Your other friends make fun of her and say that the sport is for boys and that it would be silly to sign up.
