

Growing in Faith

The season of Ordinary Time is a time for growth in the Church. The color green used in Ordinary Time symbolizes growth and life. Your faith journey began when you were baptized. Think about how you have grown and changed since your Baptism. Think about family celebrations and sacraments you have experienced along the way.

Your Faith Journey

The path below begins at your Baptism. Fill in the road signs along the path with the special events and dates that mark your own spiritual growth. At the end of the path, draw a picture of yourself as you are right now. Or you may continue your path on the opposite side of this page and mark things you hope to experience as you continue your faith journey.
